

DEIDINE CHEIGEUR

Operations, Project & Digital Marketing Professional

cheigeurdeidine@gmail.com | +222 49619609 | [linkedin.com/in/deidine](https://www.linkedin.com/in/deidine)

PROFESSIONAL SUMMARY

Results-driven operations and project professional with a track record of owning digital platforms end-to-end for business clients — from requirements gathering and delivery planning to release management and day-to-day operations. Experienced in database and records administration, release/compliance management for app store submissions, client relationship management, and digital marketing (Facebook & LinkedIn Page management, paid ad campaigns, SEO and analytics).

CORE SKILLS

Project & Program Management: End-to-end project ownership, requirements gathering, planning, release management, risk and incident triage

Client & Stakeholder Relations: Client relationship management; cross-team coordination; requirements and roadmap alignment with stakeholders

Operations & Records Administration: Database and records administration, scheduled backups, data integrity checks, release/compliance reviews

Digital Marketing & Social Media: Facebook & LinkedIn Page management, Meta Ads Manager campaign creation, SEO and web analytics (Google Analytics, Matomo, Core Web Vitals)

Business Development & Client Support: Freelance client acquisition and delivery across 15+ projects; issue triage and resolution; client debt/transaction tracking

Office Automation & Reporting: Daily activity reporting processes, structured documentation, office automation tools

Methods & Tools: Agile, Merise (MCD/MLD/MCT), UML, Odoo, QGIS, Figma, Notion, Meta Business Suite

Languages: Arabic (Native), French (Fluent), English (Fluent)

PROJECT & OPERATIONS EXPERIENCE (FREELANCE)

Nougta – Multi-Tenant Point-of-Sale Platform

2025 – Present

- Own the platform end-to-end: requirements, delivery planning, and release management across mobile, backend, and two web applications (admin dashboard and storefront).
- Administer the production database and coordinate scheduled backups across multiple client shops.
- Manage the release and compliance pipeline for both the Google Play Store and Apple App Store.

Real Estate Listing Platform – SEO & Analytics

2024

- Delivered a property listing platform end-to-end; owned SEO strategy and analytics setup (Matomo, Google Analytics, Core Web Vitals) to track user behavior and conversion.
- Used behavior and bounce-rate data to guide content and page-structure improvements, keeping property owners' listings visible to a wider audience.

E-Commerce Platform

Mar – Apr 2024

- Delivered a full e-commerce platform including the customer-facing storefront experience (browsing, cart, checkout) and an admin dashboard for product, inventory, and warehouse management.
- Managed production hosting and deployment.

Freelance Marketplace Platform

2023

- Delivered a two-sided marketplace connecting freelancers and clients through public profiles and job requests, designed to drive discovery and repeat engagement.

Custom Form Builder

2023 – 2024

- Delivered a self-service form and survey tool with shareable links and submission collection, similar to Google Forms/Typeform, used for lead capture and feedback collection.

Bus Fleet & Passenger Management System

Jul 2023

- Coordinated inter-city bus trip records, seat bookings, and worker/package tracking for a transport agency, including printable passenger manifests for each trip.

Point-of-Sale & Inventory Management System

Jul 2023

- Maintained client, product, and supplier records; tracked client debt and transaction history; managed routine database backups.

EDUCATION

Master's in Information Technology – University of Nouakchott

2022 – 2024

Bachelor's in Development Administration (Internet & Intranet) – University of Nouakchott

2019 – 2022

Baccalauréat, Mathematics (Bac C) – Lycée Atar

2016 – 2019

PROFESSIONAL TRAINING

- Business Management, Office Automation, and Soft Skills (2020 – 2023)
- Digital Marketing: Facebook & LinkedIn Page management and paid ad campaign creation (2020 – 2023)
